

General Courses

Managing contractors who are either working for you or are on your premises is a challenge, one that, sadly, can sometimes lead to disaster.

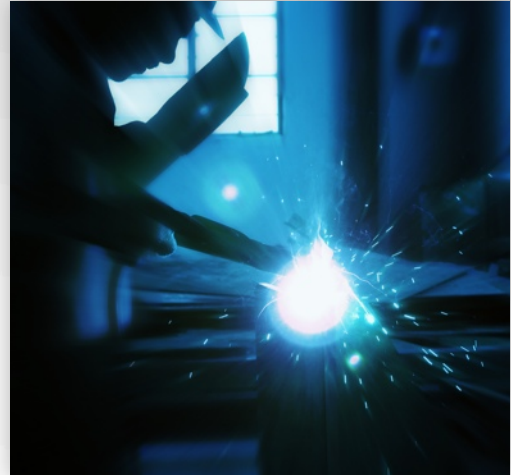

The Contractor Control course gives you the information and techniques that you need to safely steer your way through this potential minefield.

Aimed at managers, supervisors and anyone else who may commission or procure contractors on your behalf needs to go on this course!

Current course structure includes:

- ✓ Contractors: What the law really says
- ✓ Why the cheapest tender can be the most expensive
- ✓ The things you really need to consider when hiring contractors
- ✓ The 5 step plan: How to hire and when you should fire contractors
- ✓ Monitoring or Supervising: Which one should you be doing?
- ✓ CDM & how it expects you to manage contractors
- ✓ Practical steps to take to reduce contractor risk

The course uses group exercises, discussion and demonstrations to help highlight points and give those responsible for hiring contractors the tools they need to make intelligent and safe decisions.
